A. This section shall apply to the sale of personal property within the residential areas of the town by either:

1. The display of such personal property upon the premises and visible from the street or other public areas; or
2. Placement of signs upon residential property or street rights-of-way advertising the sale of personal property.

B. The owners or occupants of any residential property may conduct up to three sales of personal property upon the premises within any calendar year. Prior to conducting a sale, the owner or occupant shall obtain a permit from the codes enforcement officer stating the date and location of the proposed sale. No permit shall be issued if the codes enforcement officer, in consultation with the chief of police, determines the conduct of a sale at the requested location would create a traffic safety hazard. Upon showing of good cause (e.g., the occupant is moving from the premises), the codes enforcement officer may issue a permit for one additional sale in a calendar year. No fee shall be charged for such permits.

C. No person may sell personal property from residential premises if such personal property was acquired primarily for resale.

D. At any time, a person may sell one motor vehicle from such person's residential property. The sale must be of a vehicle owned by and titled to an occupant of the premises. The vehicle may be displayed upon the premises such that it is visible from the street, and a "For Sale" sign may be located upon the vehicle.
