AUTHORITY

The enactment of these policies requires the approval of the Town Board. As fee schedules, rates and other specific policies are updated, it will be the responsibility of the Town Manager to make sure the policy manual is revised.

The Town Manager or his/her designee (the Finance Officer) is authorized as the hearing or grievance officer for customers. He/She is authorized to hear concerns and complaints, settle disagreements and reconnect any customer disconnected for non-payment while the concern is investigated, if he/she deems necessary. Hearings are addressed on page 11.

All grievances must be heard and addressed by the hearing officer prior to an item appearing before the Town Board.

OVERVIEW

Employees of the Town have been empowered and well-trained to use this policy to deliver high quality service to customers. Employees are expected to deal with each decision with empathy and understanding, listening carefully to the needs and requirements of individual customers. Ultimately, the Town Manager accepts responsibility as the final authority on this policy.

CUSTOMER'S RESPONSIBILITY

4. Notify the utility department of questions or complaints about service.

However, if this service discloses that the meter was read in error, no charge will be made.
3. If a utility department employee cannot find any reason for usage changes, the customer may request a meter test. A fee of \$50 will be charged if the customer requests more than one (1) test within a twelve (12) month period and if the meter is within accepted tolerances (plus or minus 2%). The customer has the right to the results of the test. If the meter is found to be faulty, no charge will be made.
4. The customer has a right to request a review of any complaint according to the grievance procedure.

TOWN'S RESPONSIBILITY

If the break results from the fault of the customer, the customer shall pay to the Town the actual cost to repair the break or leak.
2. In the event there is a break or leak in the water line after the water passes through the customer's water meter, then the customer shall pay the cost to repair the break or leak and shall pay the following:
 - a. If the customer takes prompt action to repair the break or leak, then for the billing period including the time of the leakage, the customer shall pay an amount equal to that which would have been billed for the average usage of water and sewer for the previous twelve months. The customer is only allowed two billing release adjustments for leaks per calendar year. Exceptions may be made by the Finance Officer or Town Manager.
 - b. If the customer fails to take prompt action to repair the break or leak, then the customer shall pay for the full amount of water usage shown on the customer's water meter.
 - c. If the customer fails to take prompt action to repair the break or leak, and if the customer can show that the excess water usage due to the leak did not enter the sewer system, the customer shall pay that amount which would have been billed for sewer services based on

the average water usage during the previous twelve months; otherwise, the customer shall pay the full amount for sewer usage as calculated from the water usage shown on the customer's water meter.

3. For the purpose of this policy "prompt action" shall mean repairing the water line break or leak within seven days after the time the leak is discovered or should have been discovered using reasonable care. A customer will be deemed to have taken prompt action if the break or leak is repaired within ten days after the Town mails to the customer the water and sewer bill for the period during which the break or leak occurred. The Town may require the presentation of a paid receipt for parts and/or labor indicating the date of completion of repairs.
4. If a customer has a leak and does not show any interest in repairing the leak, the Town will disconnect the service until the full balance due is paid.

RETURNED CHECKS

1. If a customer has a returned check for non-sufficient funds or closed account by a bank, the Town will notify the customer and the customer will be required to pick-up the check and pay the amount of the check plus a return check fee of \$25.00 with cash, money order, cashier's check or credit card.
2. After two (2) returned checks, the customer will no longer be allowed to pay by check and will be required to pay by cash, money order, cashiers check or credit card.

 - Chronically or seriously ill
 - On a life support system
 - Medically requires uninterrupted utility service
2. The customer must provide a letter or certification from a doctor or hospital advising of the above condition. These letters will be reviewed and brought up-to-date in January of each year.
3. The customer who complies with these notification requirements may not have their water service disconnected for non-payment. If service needs to be disconnected to any other reason, the Town will make every effort to notify the customer prior to disconnection.

DISCONTINUING SERVICE

TRANSFER OF SERVICE

Customers may transfer service from one location to another. Any balance on the current or any previous utility account will have to be paid before service can be transferred. Transferred accounts for tenants must maintain the current deposit amount. Deposits may not be transferred.

CLOSING A UTILITY ACCOUNT

After an account has been closed by either customer request or policy of the Town, all funds, including deposits, refunds and overcharge credits will be used against amounts owed the Town on the closed account first. Remaining funds will then be used against any amounts owed on any other accounts the customer may have with the Town. When those accounts have been cleared, a check for the remaining money will be issued to the customer for any net credit.

TERMINATION OF SERVICE

1. Requesting Discontinuance of Service – Customers requesting discontinuance of service must contact the Town and determine the date when utility service will be terminated and final reads will be done. A customer shall be responsible for all charges to their account up until their final meter reading. The customer shall give Town a forwarding mail address and phone number.
2. Disconnection Scheduling – Disconnection from the Town’s utility system will be performed the same day as requested if notified before 2:00 pm of that day.
3. Final Bill – The customer’s final bill will be processed and mailed by the last working day of that month if disconnection is made by the 20th of that month.
4. Deposit Settlement or Disposition – According to N.C.G.S. 116B, any customer deposits, credits, or other property held to secure payment for utilities that are unclaimed for one (1) year or more are considered abandoned property and will be subject to the unclaimed property requirements. Upon discontinuance of utility services, a valid forwarding address should be given to the Town for possible refund of deposits or credits on the utility account. All unclaimed customer deposits and credits, regardless of the amount, are subject to the custody and control of the State of North Carolina. Prior to November 1st of each year, the Town will file a report accounting for all escheatable property with the Escheats Office within the Department of the State Treasurer. A check in the amount of the property listed should accompany the report.

CUSTOMER’S RIGHTS PRIOR TO DISCONTINUANCE OF SERVICE

1. Reasonable Opportunity – The Town will discontinue utility service to customers for nonpayment only after giving the customer a reasonable opportunity to question the accuracy of the bill. Reasonable opportunity is defined as the period of time from the issuance of the bill until the date of potential disconnection.
2. Disputed bill – If a customer disputes the accuracy of their bill, they have the right to a hearing at which they may be represented in person or by another person of their choosing who may present, orally or in writing, their complaint and contentions.
3. Hearing – The Town will discontinue utility service for nonpayment of the bill on the cutoff date. The customer has an opportunity to dispute the bill before this date. Any customer desiring a hearing must contact the Finance Officer. Hearing may be scheduled between 8:30 am and 5:00 pm, Monday through Friday. The Town has the authority to settle the issue and reconnect any disconnected account while the matter is investigated.

4. Exceptions – Under special circumstances, the Town may choose not to interrupt service during extreme weather or when the customer is a participant in the medical alert program.

INVOLUNTARY DISCONTINUANCE OF SERVICE

1. The Town may discontinue utility service for any one of the following reasons:
 - Failure of the customer to pay bills for utility service and garbage, as required in the billing information section of this policy, continuance of the account being delinquent will result in the meter being removed.
 - Failure of the customer to pay deposits as required or to increase deposits as required by the Town's deposit policy.
 - Upon discovery of meter tampering including bypassing the meter or altering its function.
 - Failure of the customer to permit Town employees access to their meters at all reasonable hours. Locked gates, loose dogs, parked cars over meters, etc., are violations of Town policy. Cars parked over meters may be towed at the owner's expense.
2. Prior to discontinuance of service for non-payment, a courtesy call may be initiated for first time delinquent customers, provided we have correct contact information. However, this does not alleviate the cutoff fee from being charged to the account.
3. Federal laws regarding bankruptcy require that the Town not alter, refuse, or disconnect service based solely on the basis of the beginning of bankruptcy proceedings based on the customer's failure to pay for pre-bankruptcy service, when a petition for bankruptcy has been filed. It is the customer's responsibility to provide the Town with any legal documents pertaining to bankruptcy.
4. Partial payments are accepted on account; however, a partial payment does not waive an involuntary discontinuance of service. A partial payment is first applied to the oldest charges outstanding.
5. Accounts subject to involuntary disconnection shall be assessed a cutoff fee of \$50.00 at 8:00 a.m. on the morning of the cutoff date. The cutoff fee can be released by the Town Manager or Finance Officer one (1) time if the customer has an excellent payment history and a valid reason for the delinquency. All past due balances must be paid before the cutoff date.
6. Within three (3) days from the cut-off date, if the utility account is still delinquent, the Town will recheck the meter to see if it has been cut back on by the resident. If the meter has been cut back on, the Town will pull the meter at that time and apply another \$50.00 cutoff fee. If damage is done to the Town's meter, legal action will be taken for tampering with utilities meter.
7. The Town will pursue collection of bad debt through the NC Debt Setoff Program and an outside collection agency of the Town's choice.

RECONNECTION

When it becomes necessary for the Town to discontinue services for any of the reasons listed above, service will be restored after payment of:

- All past due bills due to the Town, including additional fees and charges required by this policy;
- Any deposit required;
- Any material and labor costs incurred by the Town according to the fee schedule.

After hours connection will not be made for any reason.

METERING GUIDELINES

METER READING

1. The Town's meters will be read by Town employees according to the Town's schedule. Reading dates will vary slightly from month to month due to weekends, holidays, weather conditions, and other factors. Monthly billing periods will be assumed to be 30 days, but may range from 27 to 33 days.
2. The Town's well-trained meter readers use modern meter reading equipment and techniques. If meter reading corrections are necessary, the Town will make the adjustments and a revised bill may be rendered upon request. A credit due to a customer from a meter reading error will be posted to the customer's account.
3. Weather conditions, such as snow and ice, may make meter reading impossible. In those circumstances, the Town will estimate utility usage based on a twelve (12) month average.

METER TAMPERING

1. Tampering with a meter or bypassing a meter is against N.C.G.S. 14-151.1. The Town may call for prosecution in cases of meter tampering, water theft, and fraud to the fullest extent of the law.
2. A service charge representing the Town's cost for the investigation and processing of a meter tampering case will be billed to the customer's account that benefited from the tampering.
3. Repair costs shall be billed to the customer. Any usage, reconnection fees, or other applicable fees will be added to the customer's utility account when the meter has been tampered with.

PROFANE, INDECENT AND THREATENING CALLS

It is against N.C.G.S. 14-196 to use "profane, indecent, or threatening language to any person over the telephone; annoying or harassing by repeated telephoning or making false statements over the telephone."

If a call of this nature is received, Town employees will do the following.

1. At the first profane or indecent word, ask the caller to please refrain from that type of language. If the profane or indecent language continues, politely inform the caller that if that type of language continues, the call will be terminated. If the profane or indecent language continues, terminate that call by hanging up.
2. Document the occurrence including the caller's name, address, and telephone number, if known. Report the incident to their supervisor, including the above information.
3. If the calls continue, notify their supervisor. The Town employee may contact the Town of north Wilkesboro Police Department, if deemed necessary.

AMENDMENTS TO THE POLICY

The Board of Commissioners may revise this policy at any time, with or without notice. The Town Manager may add payment options to this policy subsequent to review by the Board of Commissioners at their next regularly scheduled meeting.
