Street Closing Process

ONLY COMPLETE APPLICATIONS CAN BE ACCEPTED

Pursuant to N.C.G.S 160A-299, street closings require the Town Council to first adopt a resolution declaring its intent to close the street or alley and calling for a public hearing on the question. The resolution shall be published once a week for four consecutive weeks prior to the hearing. It is important that you or your spokesperson attend the hearing to adopt the resolution and the public hearing. At the public hearing, any person may be heard on the question of whether or not the closing would be detrimental to the public interest or the property rights of an individual.

Any person aggrieved by the closing of any street or alley, including the Department of Transportation, if the street or alley is under its authority and control, may appeal the Council's order to the General Court of Justice within thirty (30) days of its adoption.

REVIEW PROCESS:

- A complete application with the fee paid in full is submitted to the Town Clerk's Office.
- The Planning Department is forwarded the application for processing and review.
- The Planning Department distributes the request to various City and County departments and utilities, and awaits comments from these department and agencies.
- The Planning Department forwards comments, along with corrections (if any) needed for the *Street Closing and Recombination Plant*, to the applicant.
- Once comments are addressed and the draft plat is deemed to be correct and recordable, the request is scheduled for the Board of Commissioners to "Set a public hearing."
- The Board of Commissioners will generally conduct the public hearing a month from the date it sets the public hearing.
- The Board of Commissioners conducts the public hearing and can approve, deny, or continue the case if it deems more information is needed before a decision can be made.
